www.njsts.org
On behalf of the STS Board of Directors and the 2020 Conference Committee, I would like to welcome you to the 52nd Annual New Jersey Pupil Transportation Conference and Equipment Trade Show. We want to thank you for supporting STS and being a valued member of the association. STS provides valuable resources to the members of our organization and, in turn, to the students that you transport each day. As always, our Conference Committee has arranged for some of the most knowledgeable speakers and presenters. Over the next two days you will have the opportunity to attend a variety of workshops that will provide you with valuable tools and strategies to apply to your everyday operations in school transportation.

This Conference is the ideal opportunity for you to network with fellow transportation peers, vendors, contractors and mechanics from around the state. Take full advantage of their knowledge and share yours as well. In addition, our STS Officers are available throughout the entire Conference to answer any questions you may have. Feel free to provide them with feedback about the sessions or any ideas you may have to enhance our programs in the future. We are always looking for members who would like to join the board as a committee member, so that we can continue to provide an education conference and meeting to all our members.

As always, I encourage you to get involved in our association by volunteering to be on a committee or assist with our events. Contact any one of your area directors or officers to ask how you can help. The best way to improve the New Jersey school transportation industry is by working together as a team.

Welcome and enjoy the Conference!

Sincerely,

Barbara Sargeant
President STS of New Jersey

Welcome to our Opening Speaker!

10:00am-12:00pm  Boris Cherniak
Location: Showroom

Fear No Fear
Boris is a regular guest on Maury, helping people with unusual and extreme phobias, which makes him uniquely qualified to discuss how easily fears can be overcome. This unique and interactive presentation teaches attendees that there is nothing to fear but fear itself. Fear is learned and we all have them-public speaking, darkness and even the unknown. The presentation is interactive, hilarious and delivers the message loud and clear to help attendees deal with change, fear, stress, and achieving goals. Highly entertaining and powerful keynote presentation where attendees become stars.
