School Bus Service Life Extension for the 2022-2023 School Year

To all NJ School Bus Companies and School Districts:

The owner of a school bus may request a one-year extension of the retirement date for a school bus used for pupil transportation purposes in the 2021-2022 school year that would otherwise be required to be retired in 2022, pursuant to P.L. 2022, c.41. The extension is permissible for all school bus types.

A request for an extension **must** be made by the school bus owner to the New Jersey Motor Vehicle Commission using the extension request form (instructions for submission are included on the form).

*Important:

- A separate form must be submitted for **each** school bus for which an extension of service life is requested.
- Not more than one extension per school bus will be granted.

Thank you,

Bus Inspection Unit
Inspection Services Division
New Jersey Motor Vehicle Commission
